

NEW!

ELAN Introduces 15 New In-Ceiling and In-Wall Speakers, **Exclusively Available to ELAN Dealers.**

Form Meets Function

ELAN Audio helps you deliver exceptional entertainment solutions to your customers, and it gives you security when quoting jobs against competitors. ELAN Speakers are available exclusively to ELAN dealers, so you won't get shopped. It's part of our commitment to help you protect your bottom line.

ELAN Speakers are available for every installation job you'll spec; from high performance distributed audio/home theater sound to just a bit of background music.

As always, ELAN speakers are designed with all the elegance, sophistication and performance that you and your customers expect.

ELAN[®]

Architectural Speakers

800 SERIES

High Performance

Whether it's high performance distributed audio or home theater, the 800 series is the perfect choice for discerning customers.

Better clarity, resolution and dynamics are achieved via graphite-injected polypropylene cones and aluminum dome tweeters on most models.

Increase vocal clarity and enhance dialogue and adjust post installation tweeter performance via the front mounted VOCAL and TWEETER enhancement switches.
